

# Courage & Renewal

5pm Friday 16 - 3pm Sunday 18 June 2017

## Orchard Glory Farm Resort Chittering

At this retreat we'll use the Circle of Trust® approach, developed by Parker J. Palmer and the Center for Courage & Renewal. The Circle of Trust creates a process of shared exploration that creates a safe space for nurturing our personal and professional integrity and the courage to act on it. [www.couragerenewal.org](http://www.couragerenewal.org)

**Who should participate:** The retreat is open to individuals from all professional settings, including those in business, health care, education, public and social services, voluntary and community work. Courage & Renewal work simply offers space for those who welcome an opportunity for reflection and renewal in order to illuminate their own life journey, or enhance their leadership role in work, organisational or community settings.

# Winter

... a time for retreating and  
replenishing

## A Courage & Renewal® Retreat

*"Our inward winters take many forms - failure, betrayal, depression, death... But, for me, winter has a greater gift to give. It comes when the sky is clear, the sun brilliant, the trees bare... It is the gift of utter clarity... Another gift is the reminder that times of dormancy and deep rest are essential to all living things. Despite all appearances, of course, nature is not dead in winter - it has gone underground to renew itself and prepare for spring."*

- Parker J. Palmer

Our winters in the southwest of Australia lack the harshness of the northern hemisphere, however, the colder and wet weather see us retreating inside while the long awaited rains green and replenish our land and souls.
